

# RV BATTERIES

**PROVEN POWER  
FOR THE JOURNEY**

*Outrageously Dependable®*

## INTERSTATE KEEPS RVers MOVING

High-quality products and unparalleled service make Interstate Batteries® the preferred brand of RV batteries. Whether RVers need a battery for deep-cycling, cranking or a combination of the two, Interstate has you covered.

### SRM

Our most popular line of RV batteries, the SRM line offers strong, reliable power. In fact, it's been the choice of RVers for decades. It powers creature comforts while the engine is off.

### PRO ECL

Hours and hours of RV camping can take their toll on a battery, but the new Pro ECL Series from Interstate Batteries is designed to take whatever hard-core RVers dish out. Recently introduced for the same applications as the SRM line, it goes a level further with better cycling performance. The Pro ECL Series flooded battery design offers the most days of camping while maintaining higher-than-normal cranking power.

- 100 repetitive reserve capacity cycles
- 50% more deep cycles than the conventional flooded 12-volt battery
- Outperforms the top two competitors in cycling

**CRANKING**

**DEEP CYCLE**

*Outrageously Dependable*

**6-VOLT DEEP CYCLE**

**SEALED AGM DEEP-CYCLE/CRANKING**

## TRUSTED BY THE PROS

Interstate batteries are standard equipment for these RVs:

## PROVEN QUALITY

- Higher CCA combined with strong deep cycling
- We keep your inventory fresh for a stronger, longer-lasting battery

## NATIONWIDE PRESENCE

- System of 300 distributors and 1,200 route trucks delivers products before you need them
- More than 10,000 marine/RV dealers in North America means peace of mind for your RVers when it comes to warranty service
- Interstate's TV, radio and Internet advertising raises brand awareness
- Point-of-sale materials like banners, signs and displays help boost sales

## UNPARALLELED SERVICE

- Regular route service ensures fresh product on your shelf
- Consignment program eliminates your inventory costs
- Green Standard recycling program surpasses current federal regulations, reduces the risk of transportation fines and helps to protect the environment

## OVERALL VALUE

- Competitive pricing gives you the best value in the battery market
- Interstate's full-service model helps you profit while we take care of your battery needs

# RV BATTERIES

**PRO ECL SERIES** – Powers creature comforts when dry camping with the engine off.\* Provides 50% more cycling than conventional flooded batteries.

**RV DEEP CYCLE** – Powers creature comforts when dry camping with the engine off.\*

**CRANKING** – Starts the RV and powers accessories while the engine is running.

**6-VOLT HOUSE** – Powers creature comforts while the engine and generator are off.

**PROVEN POWER  
FOR THE JOURNEY**

*Outrageously Dependable®*

\*When batteries fail, it can start an engine.  
Not applicable for larger diesel engines.
