

# **IMPORTANT** **FIRST STEPS** BEFORE USING THE ED-18<sup>3</sup>

## **1. SET UP UNIT**

To enter your shop's information in the ED-18<sup>3</sup>, go to Setup, select Shop and fill in your shop's name, address, number and other information.

## **2. INSTALL DOCKING STATION**

Plug the docking station into an AC outlet in an easily accessible area. You can mount it on a wall or a flat surface. Set your ED-18<sup>3</sup> into the docking station.

## **3. WATCH THE DVD**

Play the instructional DVD to get the most out of your ED-18<sup>3</sup>.

## **DOCK NIGHTLY**

*When docked correctly, screen will read "Charging Internal Batteries" and the AC charger will have a red or green light. If screen reading or lights are not occurring, check connections.*
